SUMMARY

A hardworking and motivated Computer Engineering student with basic technical and customer service skills. Able to work well in a team, communicate effectively, and adapt quickly in fast-paced environments. Willing to learn and gain experience while providing excellent service.

WORK EXPERIENCE

OJT – IT (Computer Systems Servicing Student) **Nov 2022 - Jan 2023**

- Assisted in installing, configuring, and troubleshooting computer hardware, software, and network connections.
- Performed preventive maintenance, including system cleaning, software updates, and antivirus scans.
- Provided technical support for computer-related issues, ensuring minimal downtime and improved system performance.

CERTIFICATION

CompTIA IT Fundamentals+ **MAY 2024**

- Earned foundational certification in computer hardware, software, networking, and basic cybersecurity concepts.

AWS Certified Cloud Practitioner **DEC 2025**

- Obtained foundational certification in cloud computing concepts, AWS services, security, and pricing.

Wadhwani Entrepreneurship **MAY 2026**

- Completed training in entrepreneurship, focusing on business planning, innovation, and startup development.

Wadhwani Skilling (Job Ready: Employability Skills) **MAY 2026**

- Completed career readiness training covering communication, problem-solving, and workplace skills.

EDUCATION

Bachelor of Science in Computer Engineering (Undergraduate) **JAN 2023 - MAY 2027**
Jose Rizal University

- Major in Computer Engineering.
- Thesis on "IoT-based Balance and Tremor Exercise Board for Parkinson's with Blood Pressure Monitoring and Android Application".

ICT - Computer System Servicing **JAN 2019 - May 2023**
Fort Bonifacio High School

- Senior High School graduate

ADDITIONAL INFORMATION

- Technical Skills:** Computer hardware and software troubleshooting, operating system installation, network configuration, preventive maintenance, Microsoft Office, Python programming, and basic cloud computing using AWS.
- Languages:** English and Filipino.
- Certifications:** CompTIA IT Fundamentals+ (ITF+), AWS Certified Cloud Practitioner, Wadhwani Entrepreneurship, and Wadhwani Skilling.
- Projects:** Participated in technology and academic projects involving AI and system development.
- Awards/Activities:** Participated in academic and technology-related projects, presentations, and community outreach programs.
- Communication skills**
- Teamwork**
- Hardworking attitude**
- Fast learner**
- Customer service**
